Stainless steel trash can

The Mercury trash can has been designed to complete the Mercury collection, Brightwell Dispensers' high-end washroom range. With its smooth stainless steel finish, black plastic and sleek design, the Mercury trash can can hold up to 6.5gal (25L) of litter in a stylish container, blending perfectly with any upper-market environment.

Branding options are available for the addition of a company's logo to the trash can.

Features

- Easy to maintain, easy to change
- Wall mounted
- 6.5 gal (25L) capacity (click for image)
- Branding available (click for image)
